Please print this, read thru this carefully, and call us if you have any further questions.

We are so looking forward to surfing with everyone again this summer. With the recent Covid-19 pandemic we are still using caution and have certain guidelines we must follow to run camp. In order for a safe surf camp to run this summer we are asking everyone to work responsibly together **Prior** surf camp, **During** surf camp and **After** surf camp.

Prior to Surf Camp:

Campers - We know that a full scale quarantine for 10 days leading up to camp may not be practical as summer approaches. However, we also know that would be the best way to properly protect against campers arriving in camp with the virus. Therefore, as a practical solution we are asking all campers to control your movements in the weeks prior to camp. We ask that campers and their families agree to avoid social gatherings and activities where exposure to others outside their household may pose an elevated risk of exposure to COVID-19. Campers will be required to monitor health status daily for the 14 days leading up to camp, observing for COVID-19 symptoms during this period. A required Pre Camp Screening form is attached to this packet to help you monitor your health. We also request that campers, their families, and camp staff follow [guidance for travelers](#) in the 10 days before camp arrival to reduce exposure to COVID-19.

Requirements prior to surf camp this summer:

- A negative COVID-19 (can be over the counter test) test must be submitted to office ahead of time or presented at check-in. Campers must be tested for COVID-19 within 72 hours prior to arrival at camp. If a camper tests positive prior to camp, contact office immediately.
- Our COVID-19 Liability Release Waiver must be submitted to the office prior to arrival at surf camp or on day of arrival. The COVID-19 Liability Release Waiver

is available as part of this Information Packet and will also be added to your online application where you can e-sign.

- A required *Pre- Camp Health Screening Form (included in Camp Information Packet)* must be completed and brought to surf camp by each participant.

Staff will be required to avoid gatherings and practice safe physically distancing for 10 days prior to arriving at camp, self-monitor for symptoms, and receive a negative test result within the last 72 hours prior to coming to camp. Staff will also be tested systematically throughout the summer.

During Surf Camp:

- Camp will conduct daily [symptom checking](#) to monitor the health and well-being of camp staff and campers during the camp session.
- Enhanced cleaning of camp facilities.
- We will ask and remind campers to practice proper healthy hygiene habits including washing hands with soap and water, encouraging campers to cover their mouths when coughing and sneezing with tissue or inside of elbow.
- Most of camp activities take place outside and we are a small group however when necessary we will require campers to use a face mask. Face mask will be required to have with you at camp and use when necessary.
- Should campers exhibit symptoms of COVID-19, that camper will be given a mask and isolated immediately and parents notified. Parent will be required to pick up their camper within 24 hours. All other campers will be monitored, and parents notified of a suspected case. If the camper tests positive the entire cohort at camp will be tested.

After Camp:

We ask that all campers communicate with camp administrators if a camper returns home and develops any Covid-19 Symptoms within 72 hours of departure from camp. Please make sure camper practices proper travel etiquette when returning home from camp. Refer [to CDC's Travel During COVID-19](#) website for more information about what to do after traveling home from camp.

COVID-19 CAMP GUIDELINES – OVERNIGHT CAMP Summer 2022

The health and safety of our campers is our priority. The American Camping Association engaged an expert panel coordinated by Environmental Health & Engineering Inc. to create a practical guide and tool kit for reducing the risk at camp. The ACA has compiled extensive research and data from camps across the country that opened last summer, which is providing a framework to assist camps in preparing for this summer. Last summer we followed the suggested guidelines in order to operate a successful summer camp. Summer 2022 we are planning to do the same. With the many guidelines/mandates being dropped locally we also plan to be fluid and adapt to what the local guidelines ask. At this time we are asking the parents to be responsible, monitor their child's health prior to camp and please do not send your child to camp if they display any Covid Symptoms or been exposed to anyone with symptoms.

- A negative COVID-19 test must be presented at check-in if not submitted to office ahead of time. Campers must be tested for COVID-19 within 72 hours prior to arrival at camp.
- Campers will go through a wellness check upon arrival
- Campers will wash hands before every meal and eat in camp groups practicing social distancing.
- Camp will use disposable products to cut down on contamination, exception being water bottles. Please bring your own water bottle with name on it.
- If campers leave camp as a unit for any reason, i.e field trip to another beach, or town trip, they will always remain in their camp groups and will socially distance from all non-camp persons. When social distancing is not possible, masks will be worn.
- Upon returning to camp from beach or any outside of camp excursion, campers will immediately wash their hands and be given the opportunity to shower.
- Any equipment used during the day by campers will be sanitized daily and stored properly.
- Surf Camp staff will go through a daily and end of week thoroughly cleaning of all camp equipment and accommodations.
- Should a camper exhibit symptoms of COVID-19, that camper will be given a mask and isolated immediately and parents notified. All other campers will be monitored, and parents notified of a suspected case. If any camper tests positive the entire camp will be tested. If camper experiences COVID-19 Symptoms or are diagnosed with COVID-19 while participating at Endless Summer a parent or guardian must be available to pick the participant up within 12 hours of notification. If not available, plans for quarantine will be arranged and parent/guardians will be responsible for the expenses.

We do allow surf campers that are flying long distances to arrive on the Sunday afternoon or evening prior to their camp sessions so they can get a fresh start Monday morning. Campers must depart Saturday before 12 Noon(leaving camp prior to 10am). Please book flights according to these times.

Campers Flying As Unaccompanied Minors (UM)

Each airline has different age requirements and additional fees for flying unaccompanied minors. Please check with your airline before booking as some airlines require younger students to fly as UM's and it is rather expensive. Campers flying under the status of an UM will be met by an Endless Summer Surf Camp Representative. If you are scheduling your child's flight as an UM, it is MANDATORY that you note this in your travel itinerary form. We will provide you with the required UM driver/pickup information a week prior to your arrival. Shuttle cost are Double For Unaccompanied minors on the departing leg of the shuttle.

Campers Not Flying As Unaccompanied Minors (UM)

When the plane lands, call the driver's cell phone number you were given when you confirmed your travel plans. The driver will meet you outside of baggage claim. If you don't have a cell phone, the driver will meet you in baggage claim. If any problems arise, you can call the driver or call the camp's cell phone: (949)-275-7722.

Departures will be dropped off curbside at the check-in counter. No assistance to check-in will be made unless camper is unaccompanied minor or unless this was arranged with the office. Check-in assistance is available for an extra fee of \$25, call for information. A surf camp shuttle representative will contact you within a week of your scheduled arrival at surf camp to confirm and give you the appropriate phone numbers of your driver.

Please confirm any travel changes with the Endless Summer Surf Camp Main office at least 24 hours prior to your arrival by phone (949) 498-7862.

Please inform an overnight counselor you drove in and need an area to park your car at night. We have limited parking space available for employees and overflow parking for parents and campers. Parents are welcome to come visit at any time during the week.

up and drop off times a small area to load and unload will be made available for parents picking up and dropping off children. Please park within the cones.

Preparing for camp: Exercises

90% of surfing consists of Paddling the surfboard to get thru the waves and to catch waves. Paddling muscles used are the Shoulders, Triceps, and lateral muscles. Exercises helpful in fine-tuning these surfing muscles are swimming (freestyle or crawl stroke), pull-ups or chin-ups, dips, and push-ups. You should start these exercises at least 6 weeks prior to camp and do them 3 or more times a week. You can also check with your local trainer for advice. Surfing is a demanding sport, it might look easy but it takes a lot of physical upper body strength to paddle the board. You must also be comfortable swimming within the surf line and getting thrown around by the waves. This is one of the most intimidating things with surfing. Please make sure you are in good physical shape and are not afraid of the ocean and can SWIM before coming to camp because there is a no refund policy after surf camp has begun.

Camp Itinerary

Monday upon arrival at surf camp (Monday 8am, or Sunday evening). If an overnight camper you will be directed towards your tent for the week by a camp counselor. If you need a wetsuit, a counselor will help fit you with one. After a brief group camp orientation at the campsite we will proceed down to the beach. Once on the beach an instructional session will be given, then we will separate into groups and head out into the water with your surf instructors.
